the "participants" in the Comfort Partners Program.

We are concerned about the health and safety of you and your family. To participate in the utilities' Comfort Partners Program (through its contractor) performance of weatherization services to the residence located at

you, the participant(s), agree not to use a kerosene heating system or other similarly-styled unvented heating system which may produce hazardous fumes and indoor moisture levels. It has been explained and the participants understand that the weatherization services being performed are to increase the ability of the residence listed above to retain heat during the winter heating season. All work is guaranteed for one year. The participants also understand that, as a result of this process, airflow from inside their home to outside will be reduced. This could result in the build-up of hazardous fumes if an unvented kerosene heating system or similarly-styled unvented heating system were to be used. Such use could result in injury or death to the people in the residence.

The participants further agree to forever release all utilities listed above, their officers, directors, employees, agents and representatives, successors and/or assigns and to save them harmless from any claim for injury to persons, including death, or damage to physical and personal property in any way resulting from the weatherization services provided by the utilities listed above including, but not limited to all claims and suits directly or indirectly arising out of, resulting from, or related to moisture intrusion, mildew, fungus, spores, or mold of any type, nature, or description, including but not limited to any substance whose presence poses an actual or potential threat to human health.

The participant(s) are signing this Release in front of witness(es) to show that they have read and understand the terms of this Release and will abide by them. Agreed to and
